

SENIOR RESEARCH ASSOCIATE

Ref: HR/SRA.9013

This position is to be based at our lab/R&D facilities located at Hi-Tech Science Park, Pudong District, Shanghai, China.

Job Summary

The Senior Research Associate will execute studies to interrogate the phenotype and function of gene-modified T-cell drug products. This is a lab-based position that will characterize T-cell products from experimental and clinical delivery processes.

Qualifications and Education Requirements

- Bachelor's degree with a minimum of 3 years of experience in the field of Immunology, Cell Biology, or Cancer Biology, preferably in a laboratory setting.
- Prior experience in T-cell biology with demonstrated proficiency in standard cellular immunology techniques, e.g., flow cytometry (immunophenotyping), in vitro T-cell functional assays (cytotoxicity, multiplex ELISA platforms, intracellular staining, proliferation, ELISPOT), or prior work in gene expression or metabolic profiling.
- Experience with cGMP/cGLP requirements and documentation of scientific results for IND or BLA-enabling studies preferred.
- Excellent communication, data presentation, and interpersonal skills.

Specific Duties

- Heavy emphasis on hands-on execution in the lab under the supervision of one or more Scientists.
- Contribute to group strategies by performing literature review and critical interpretation of scientific data (internal and published). -Demonstrated ability to define problems, establish data-driven facts and draw valid conclusions.
- Participation in both independent and collaborative environments across research, process development, and clinical development teams.
- Ability to handle multiple tasks, prioritize effectively and work well in a highly matrixed team environment.
- Lab support and infrastructure duties, including managing reagent inventories and ordering.

Education Requirements

PhD in relevant scientific field and 2 years of experience, preferably in a laboratory environment.

How to Apply

Please email all qualified resumes to hr@astralogics.com.hk with a covering letter highlighting your relevant experience and qualifications and quoting the above reference code.

Please also attach a recent passport sized photograph.
